

GRANDTREK® AT20™

The Confidence Of 24-Hour
Roadside Assistance

**ROADSIDE
ASSISTANCE**

Please see reverse side of this card for important information.

Dunlop® Grandtrek® AT20™ Roadside Assistance

In the event of a flat tire, you must call the number below and a qualified service professional will replace your flat tire for you with your inflated spare.

For all other product or customer service inquiries, contact your Dealer.

If you do not carry an inflated spare, and towing and/or other service is necessary, you will be solely responsible for any charges incurred.

The service professional will ask to see this card.

V.I.N.: _____

Date of Purchase: _____

DUNLOP® GRANDTREK® AT20™:

The Confidence Of 24-Hour Roadside Assistance

Your Dunlop Grandtrek AT20 tires give you much more than the power of a luxury, all-weather SUV tire — they give you the confidence that comes with Dunlop's 24-Hour Roadside Assistance.

In addition to the performance, traction and comfort you expect from Dunlop, Dunlop Grandtrek AT20 tires also deliver the added value of emergency Roadside Assistance for flat-tire-related problems. It's a service we hope you'll never need, but it's easy to use if you do. Here's how it works:

- Please fill out this card with your date of purchase and V.I.N. before you leave your Dunlop tire Retailer. Store this card and receipt in your vehicle with other important documents, where it will be immediately accessible in the event of an emergency.
- This Roadside Assistance service is in effect for twenty-four (24) months from the date of the original purchase. It is only good for the first owner of the Dunlop Grandtrek AT20 tires as long as they are properly fitted to the same original passenger vehicle for which they were purchased.
- In the event of a flat tire, regardless of where you are in the United States or Canada, simply call the nationwide toll-free number. A qualified service professional will promptly be dispatched to your location to change your flat tire with your inflated spare at no charge. **Theft, vandalism and accident-related incidents are not covered.**
- No payment for this tire-changing service is required. That means there will not be any outlay of funds or forms to file for reimbursement later except as described below.
- Simply show your Roadside Assistance card when requested and sign as directed. The Dunlop Roadside Assistance representative will be happy to provide the covered service free of charge.
- If your Dunlop Grandtrek AT20 tire needs replacing, but your vehicle must be towed because no serviceable spare tire is available, the cost of such additional services is the sole responsibility of the Dunlop Grandtrek AT20 tire owner.

The consistent performance, traction, comfort and style that are hallmarks of the Dunlop Grandtrek AT20 tire are now enhanced by complimentary Roadside Assistance. The extra confidence this provides is exactly the kind of superior value you can expect only from Dunlop.
