

Standard casing values will apply through the original tread. During the first retread, standard casing values apply through the first 25 percent of wear, and reduced casing values apply for the remainder of the first retread.

WHAT ARE YOUR LEGAL RIGHTS?

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the warranty limitations or exclusions may not apply to you.

No Representative or Dealer has authority to make any representation, promise or agreement on behalf of Dunlop, except as stated herein.

Any tire, no matter how well constructed, may fail in service or otherwise become unserviceable due to conditions beyond the control of the manufacturer. Under no circumstances is this warranty a representation that a tire failure cannot occur.

This warranty gives you specific legal rights, and you may also have other rights that vary from state to state.

This limited warranty is applicable only in the United States.

WHEN DOES THE WARRANTY END?

A tire has delivered its full original treadlife and the new tire coverage of this warranty ends when the treadwear indicators become visible, or four (4) years from the date of original tire manufacture or new tire purchase date, five (5) years from the date of original tire manufacture or new tire purchase date for the SP 384™. (Without proof of purchase, date of manufacture will be used to determine age.) Casings may continue to be warranted beyond the new tire coverage. Please refer to the Radial Casing Provision for warranty details on casings.

HOW DO YOU OBTAIN AN ADJUSTMENT?

- You must present the tire to be adjusted to a Dunlop Commercial Tire Dealer. (Please consult your telephone directory for locations.) Tires replaced on an adjustment basis become the property of Goodyear.

- You must pay for taxes or any additional services you order at the time of adjustment.
- No claim will be recognized unless submitted on a Dunlop claim form, supplied by the Dunlop Commercial Tire Dealer, completely filled out and signed by you, the owner of the tire presented for adjustment or your authorized agent.

WARNING

PROPERTY DAMAGE, SERIOUS INJURY OR DEATH MAY RESULT FROM:

- **TIRE FAILURE DUE TO UNDERINFLATION/OVERLOADING:**
Follow the owner's manual or tire placard in vehicle.
- **EXPLOSION OF TIRE/RIM ASSEMBLY DUE TO IMPROPER MOUNTING:**
Only specially trained persons should mount tires.
- **FAILURE TO MOUNT RADIAL TIRES ON APPROVED RIMS.**
- **FAILURE TO DEFLATE SINGLE OR DUAL ASSEMBLIES COMPLETELY BEFORE DEMOUNTING.**
- **TIRE SPINNING – CAUTION:**
Avoid tire spinning on slippery surfaces such as snow, mud, ice, etc. Do not spin tires in excess of 35 mph (55 kph), as indicated on the speedometer. Personal injury and severe damage may result from excessive wheel spinning, including tire disintegration or axle failure.

FOR SERVICE ASSISTANCE OR INFORMATION

1. Contact the nearest Dunlop Commercial Tire Dealer.
2. If additional assistance is required:
 - Write to Dunlop Customer Assistance Center, Dept. 728, 1144 East Market St., Akron, OH 44316.

DUNLOP® COMMERCIAL TRUCK TIRE LIMITED MANUFACTURER'S WARRANTY

LIMITED WARRANTY

MEDIUM COMMERCIAL TRUCK TIRES

WHO IS ELIGIBLE?

YOU ARE ELIGIBLE FOR THE BENEFITS OF THIS WARRANTY IF:

- You are the owner or authorized agent of the owner of new Dunlop® medium commercial truck tires, and
- Your tires bear Department of Transportation (D.O.T.) prescribed tire identification numbers and are not branded "NA" (Not Adjustable), and
- Your Dunlop medium commercial truck tires have been used only on the vehicle on which they were originally installed, according to the vehicle manufacturer's or Dunlop authorized representative's recommendations, and
- Your tires were purchased on or after March 1, 2007.

WHAT IS COVERED AND FOR HOW LONG?

- **FREE TIRE REPLACEMENT** – Dunlop medium commercial truck tires, covered by this warranty, that become unserviceable due to a covered warranty condition during the first 2/32nds treadwear or 12 months from date of purchase, whichever comes first, will be replaced with a comparable new Dunlop medium commercial truck tire without charge. You pay only for the mounting and balancing. (Without proof of purchase, date of manufacture will be used to determine age.)
- **PRORATED TIRE REPLACEMENT** – Tires worn beyond the first 2/32nds treadwear that become unserviceable due to a covered warranty condition will be replaced on a prorated basis. You are responsible for mounting and balancing charges.

HOW WILL PRORATED CHARGES BE CALCULATED?

The replacement price will be calculated by multiplying the current advertised selling price at the adjustment location by the percentage of usable original tread that has been worn off at the time of adjustment. You pay for mounting, balancing, an amount equal to the full, current federal excise tax and any other applicable taxes for the comparable new Dunlop replacement medium commercial truck tire.

EXAMPLE

If your disabled tire had an original 16/32" of usable tread depth and is worn to 8/32" of usable tread remaining, you have used 50 percent and, therefore, must pay 50 percent of the advertised selling price of a comparable tire, plus an amount equal to the full current federal excise tax (U.S. only) applicable to the comparable new replacement tire at the time of adjustment. If the price of the comparable tire is \$400, the cost to you would be \$200, plus federal excise tax, mounting, balancing and any other applicable taxes.

WHAT IS A COMPARABLE TIRE?

A "comparable" new Dunlop medium commercial truck tire may either be the same line of tire or, in the event that the same tire is not available, a tire of the same basic construction and quality with a different sidewall or tread configuration. If a higher-priced tire is accepted as replacement, the difference in price will be at an additional charge to you.

Any replacement tire provided pursuant to this warranty will be covered by the Dunlop warranty in effect at the time of replacement.

WHAT IS NOT COVERED BY THIS WARRANTY?

- **IRREGULAR WEAR OR TIRE DAMAGE DUE TO:**
 - A. Road hazards (including punctures, cuts, snags, impact breaks, etc.).
 - B. Wreck, collision or fire.
 - C. Improper inflation, overloading, high-speed spinup, misapplication, misuse, negligence, racing, chain damage or improper mounting or demounting.
 - D. Mechanical condition of the vehicle.
- Ride disturbance after the first 2/32nds treadwear or due to damaged wheels or any vehicle condition.
- Any tire intentionally altered after leaving a factory producing Dunlop medium commercial truck tires to change its appearance (example: white inlay on a black tire).
- Tires with weather cracking which were purchased more than four (4) years prior to presentation for adjustment. If you have no proof of purchase date, tires manufactured four (4) or more years prior to presentation are not covered.

- Material added to a tire after leaving a factory producing Dunlop medium commercial truck tires (example: tire fillers, sealants or balancing substances). If the added material is the cause of the tire being removed from service, the tire will not be adjusted.
- Loss of time, inconvenience, loss of use of vehicle, incidental or consequential damage.

WHAT IS THE CASING PROVISION?

The Dunlop SP 384™ will be warranted against covered warranty conditions through 100 percent of the first retread for a period of five (5) years from the date of the casing D.O.T. serial number or proof of purchase, if available, or a maximum of two (2) retreads.

All other Dunlop Medium Truck Tire casings will be warranted against covered warranty conditions through 100 percent of the first retread for a period of four (4) years from the date of the casing D.O.T. serial number or proof of purchase, if available.
